

## Kolping History – November 2014

During the last month, contributions (of photos, documents, etc.) and assistance came from Carl Kreimer (son of Hermann Kreimer, king in 1936), Dolly Fleischer, Otger Kappen, Ben Geers, Gert Schroeder, Gene Bertke, Jim Schnieder, Gary Gerdes, Frank Fellerhoff (son of Henry Fellerhoff, founder), Carolyn & Henry Althoff, Msgr. Anton Dechering, Maria Dechering, Mike Seibel, Alberta Seibel, Josie & Gottfried Schlembach, Mary & Gus Kramer, Margaret Borchers, Rosalie Schroeder (daughter of Ben Niemann and niece of George Niemann, president in 1926 and Joe Niemann, king in 1934), Lisa Trump (granddaughter of Ben Niemann), Ric Strecker & Rita Ann Strecker Adams (son and daughter of Dave Strecker, king in 1957), Peter Herbon, Jr., (son of Chess Club leader and soccer team member, Peter Herbon, Sr., from the 1930s), Emmi Rosen, Ben Jansen (son of Ben Jansen, Sr., founder), Celeste & Otto Hermes, and Joan & Herman Koehling. These people bring the total number of contributors to 143.

We visited 1523 Republic Street with Josie Schlembach, Werner Wilke and Gene Bertke, as well as three special guests – Gottfried Schlembach, Henry Althoff and John Tensing. These three lived in the Republic Street Kolpinghaus in the fifties upon their arrival in Cincinnati. We took some good pictures of the day, including some of the tour we took of St. Francis Seraph Church that was the site of many Kolping functions in the early years of the Society. We were joined by one of Mike's former students who is the Commander of District 5 of the Cincinnati Police Department. Can't be too safe, you know! While there, Henry Althoff took a close look at the words, "Gott segne das ehrbare Handwerk", that are carved in stone above the doorway. Unfortunately, it was determined that there is no way to remove and preserve them.

### Time is Running Out

It seems like just yesterday that it was January and the search for the history of the Kolping Society began. Now, only **two months** remain for collecting pictures and other information. Then the work will begin to put everything into book form. **Please keep digging for the last remnants of our history.** We continue to search every nook and cranny at Kolping for bits of history that have been stored in the most unusual places. We are trying to leave no stone unturned.

**To all those from the different sub groups who have volunteered to write historical descriptions of your time with a sub group, we hope you can have this finished by early January, or shortly thereafter. This information is critical for beginning the final text and keeping us on target for the earliest possible finish date in 2015.**

We are still in need of photos that were taken on the occasions when people received awards over the years. We have many, but there must be more hiding in photo albums or under the couch. How about some old photos and information relating to The Bakers Ball, The Queens Ball, Polkafest, Winefest, Tuesday Workers, Schützen Club, Young Kolping, Teens Club? Does anyone have any? Ric Strecker, Joan Rehling and Kay Kempe Huss had a few Queens Ball pictures. If you were part of these groups, please look around your house for some pictures.

**Has anyone ever seen a collection of Ladies Auxiliary meeting minutes? We have the minutes from the 1930s, but nothing after that.**

## **Kolping History, November 2014 (continued)**

Photos of all but one king, and most of the queens, have been found. The last one will be in our hands shortly. Photos of all the presidents have been found. The list of all known Kolping members is approaching 4,100.

We have made contact with the children of nine of the founders and the son-in-law of a tenth founder. Still to be contacted are children of one more founder - Henry Sellmeyer. The twelfth founder, Chris Huthmacher, had no children, so we don't know who to contact. Does anybody know if Chris and Dora had nieces, nephews or someone else who managed their affairs?

We had a nearly five hour session with Mary and Gus Kramer to identify faces in some of the nearly 2000 photos we have found. How's that for a welcome back to Cincinnati for Gus? Anybody else want to take a stab at this identifying faces thing? We'll keep it to far less than five hours! Of course, Emmi Rosen probably won't believe that last sentence!

**There is still time for you to write your memories of being a Kolping member.** The following questions might spur you on to write those memories. When did you join Kolping and why? How many generations of your family have been involved in Kolping? What are your earliest memories of Kolping? What are some of your favorite memories of Kolping? Did you belong to any sub-groups? What activities were you involved in? Any particular stories to tell regarding these activities? What offices or positions of leadership did you hold at Kolping? Which years? How has being a member changed your life or made it better? **Whether you have been a member for only a few years or more than fifty, your contributions to the Society are important and they deserve to be remembered.**

**Over our nearly nineteen years as members of Kolping, we have come to know so many long time members who have given their all for the organization. We witnessed this giving for nineteen years and now can see the further contributions of these people, as we go through minutes of meetings from years before we knew them personally. We could place a long list of names in this spot, but you already know who you are, and you don't need to see your name here. The part you played in building Cincinnati Kolping needs to be recorded in the book by YOU. What you did was important and needs to be remembered!** To the children and spouses of members who have passed away - We hope that you can write about your loved one's contributions to the Society, so that his/her memory can be preserved.

Does anyone have the original photos that were used for the 2010 convention book? How about the original photos that were used in the membership directory from around 2003?

Is anyone able to put us in contact with the children of the following: Theo & Catherine Diewald, Tony & Hermine Hoffmann, Berthold & Helene Schwegmann, and Robert & Jennie Berter?

**Thanks to all who have contributed items and information over the last ten months. Two months remain to make the pile even larger.**

Congratulations

Carmen Althoff

Carmen is the recipient of the 2014 Fr. David Hiller Fund Scholarship. She is the daughter of James & Anne Althoff and is attending Notre Dame Academy in Kentucky.

We had additional applicants this year but based on the Scholarship criteria only one recipient was chosen. Each year the scholarships are offered to 2 incoming High School students of active Kolping members who have been members for at least 3 years. We hope that these scholarships will help ease the financial burden of attending a Catholic High School.

**Fr. David Hiller Endowment Fund Report**

The Fund received the following donations during the past month.

**Celeste & Otto Hermes Golden Wedding**  
Doris & Werner Wilke

**Golf Outing netted \$2,538.00**  
**Drinks for Diplomas netted \$1,536.91**

These two events were sponsored & organized by the Buben. The Buben sponsored the last Golf Outing this past June due to waning interest and the unpredictability of the weather.

Drink for Diplomas was a spur of the moment type event and held at the Clovernook Country Club in North College Hill. The results speak for themselves for an spur of the moment evening event. You will hear more about this in the future as the Buben are planning better and greater events to benefit the Endowment Fund. We thank Mike Brakers and all his helpers for putting this fund raiser together. They have benefitted the Fund tremendously.

This year the Fund paid out \$18,550.00 for scholarships and administrative costs. Seven scholarships at \$2,500.00 each plus \$150.00 per scholarship administrative fee. The Cincinnati Scholarship Foundation takes care of the scholarship selection process – the Fund provides the finances.

**November Miscellaneous News**

The work on the festival grounds is completed. Now it is up to mother nature to make the grass sprout and grow.

We planted 12 Locust trees, approximately 15' tall, between the festival area and the Dudley soccer field. It is a nice addition to the place and we thank the Sports club for the financial assistance with this project. We also want to thank Guenther Stark for getting these trees for a reasonable price and providing the supervision for their installation. We also want thank Phil Neuman for his support and drilling the holes for us so we could drop the trees into them. We also thank all the guys who helped in any way with the seeding and the spreading of the straw.

**Social Life of the Organization**

In recent years our social life has drastically diminished and I believe that we need to take a look on how we can improve upon it.

Our membership has changed in recent years and also many say they joined because of the German aspect of the Society they do not support the German flavored activities. Since the younger membership is taking over the leadership reigns, they have done very little to build a social life that reflects their interests. A healthy social life in an organization reflects the health of such an organization. A healthy social life furthers camaraderie amongst the members and thereby creates interest and the desire to be a part of it.

The recent Winefest was not supported by the membership as it has been in recent years. Only a few years ago it sold out before the admission tickets were even printed. Now it is a struggle to fill one hall. I ask why – what has changed to make this event undesirable? Is it the food, wine or the choice of music? I am partial because I like this event since it plays to my palette. I am willing to try other food, wine or music if that is what it takes to in order to entice the new membership to participate.

I realize that there are no easy answers, but someone needs to raise the issue to provoke

thought and discussion. Jim and Anna Stukenborg have introduced a new event with their idea of a Weinstube. The Buben introduced us to the Drinks for Diplomas event. Both of these events show a lot of promise and deserve full support of the members. We thank Jim and Anna, Mike Braekers and his crew for taking the imitative to offer the membership alternative entertainment to our social activities. These events are a welcome change. I view this as a step in the right direction.

I am certain there are answers within our membership and ideas on how we can resurrect the social life within the Catholic Kolping Society of Cincinnati.

**Member News**

A deer buck decided to challenge Jim Schnieder on his way home after the November Board meeting and lost. Jim’s car received some damage but Jim was fortunate that he didn’t get hurt. The Mill Rd area is notorious for deer travel because of Winton Woods and other open habitat for them including ours. So please be alert when you drive in the area day or night.

**Personal Note**

I want to thank fellow members for extending their condolences to my family and me on the loss of my brother Bernd to lung cancer in Germany. It is very helpful to hear the comforting words although nothing is going to change the fact. It is wonderful to have caring friends at this time of hurt.
