

Kolping Genealogy

The February 18th session will focus on the types of German census records summarized in a new book by Dr. Roger P. Minert. His latest masterpiece focuses on German Census Records 1816-1916 and was just published in 2016.

The first four chapters review the History of Census records in the German States, the 1867 Great Transition, the Records of the German Empire from 1871-1918 and concludes with a review of Census Records in the German States from 1816 to 1864.

The next 40+ chapters highlight each duchy/state/kingdom/principality/free city/province beginning with Anhalt and Baden through Westpreußen and Württemberg, offering specific information on research in these places.

The last few chapters conclude on What Do We Know Now?, Writing to Archives in Germany, France and Poland, and actually conducting census research in these same places.

Bring a pad of paper to take notes. 2:00 pm in the Clubhouse.
